Reference: Amendment to year-end report (7/1/01-12/31/01)

This memo is in response to your letter dated 6/12/02 regarding contributions from the Searchlight Leadership Fund.

The contributions in question, totaling \$2937.74, were reimbursements from the Searchlight Leadership Fund for their share of allocable expenditures for rent, phone and insurance payments. Please see the original report showing the transfer out of the non-federal portion for said allocable expenditures which were disclosed on line 15.

We recently experienced computer problems, and even after the assistance of a computer technician, we were unable to retrieve the above-referenced report. For this reason the entire report is not being re-submitted at this time (we have a hard copy in our files).

It is our hope that this written response will clarify the receipts in question.
